

At Knollwood, everything we do is state of the heart.

- 5-Star rating from Centers for Medicare and Medicaid Services
- Highly skilled team delivering person-centered care
- Robotic exoskeleton therapy, using wearable robotic units, to help those with specific types of spinal cord injury, stand and walk
- Pioneering cognitive therapy with powerful multi-dimensional technology platform
- Specialists in caring for people with dementia and other cognitive concerns
- Life-enhancing programs such as pet, art, and music therapy

Quality care starts with quality people.

For more information about our life-changing programs and services, call 202-790-5609 today.

OPEN TO NON-RESIDENTS.

6200 Oregon Avenue NW
Washington, DC 20015
